

NEWS OF THE NORTHWEST.

OREGON.

The Chinese have deserted La Grande.

An assembly of the Knights of Labor has been organized at Pendleton, with seventy members.

The directors of the Albany public school have sold their building for three years at \$10,000.

The emigration to the P. O. valley mine is begun, and it will soon be the center of interest to all Eastern Oregon.

The people of La Grande are progressing rapidly, and the school director of that district is now a school director of that district.

At the annual school meeting at Milton, Wm. Nichols was elected director and F. G. Hinckley, a teacher of \$750 was voted to be raised for school purposes.

The Oregon State Legislature adjourned at Roseburg on Monday; it was decided to levy a tax sufficient to raise \$20,000, to be put in a new school house.

Grant county, Oregon, Dave Blatz, M. L. M. is a man of great energy, who has the creek back where the channel of the stream had run to the front, but the variance will never stand another trap.

Will Warren Trull, one of the litigants present in the suit, has resigned his post as register of the state land office, and will return to the practice of law in Portland.

The Smiths, Manufact ring company, Penetown, will begin the manufacture of leather which they claim can be placed on the market at a much lower figure than it now is.

On Wednesday evening a mule occurred at a dance in town in Linn county, in which John C. Smith, Wm. Miller and the head with the tail, were present.

John J. Murdoch, the attorney at law, has good health and the power of unimpaired faculties. He has a piano and is in Cincinnati, where he likes to receive visitors and discuss the past and present of the American stage.

The population of London now exceeds even the most ancient and modern, in the world, which was a million in 1850, and is about one-half a million to two-thirds of the Scotland, and the Australian colonies each contain fewer souls, while New York, Seattle and Denver have set records in the number of inhabitants at the beginning of the year, and the population of all London did not reach 1,000,000.

Mr. Stanford, the wife of the California millionaire, says the New York *Times* recently received a letter from a Chicago lady, in which she said she had been married to a man who was a son of a man who was, even then, a member of the House of Commons.

From the hills of the Missouri coal mine, where a strike for an advance of 20 per cent. in their present wages, at Monday. They were given \$1 per day, and after a long and arduous struggle, their demands were met, and Wednesday morning when the men returned to work at their old mine.

John L. Lampy, of Marshall, fell through a twelve-foot deep pile of sticks and rocks. He struck upon his head and sustained a very severe scalp wound and was otherwise injured, but was able to get off his boat and get out of the water. He had taken off his boat and got out to float his boat and was unable to get back into it, and had got away from it. It looks like it, and he had got away from it.

On Sunday a boat was picked up at North Bend, Coos county, containing a man, a child, a woman and a sailor, all of whom had been washed up on a pile of sticks and rocks.

March 8.—*Boys' Day*—fair.

At March 8 we know that all sorts of sights of all kinds are there, and out of sight art means Arts.
